

Acquire Sensible Knowledge - Introduction to HIV for Health Care Workers

21 October to 24 November 2019

“ASK” stands for “Acquire Sensible Knowledge”. This five week interactive, facilitated online course provides an introduction to HIV issues and clinical care.

Topics covered include:

- Pathophysiology of HIV infection and disease
- Transmission and prevention
- Community care
- Treatment issues
- Psychosocial issues
- Living with HIV

Who should attend? Health care, allied health, welfare, or community workers working in clinical settings or who have clients with HIV. All health workers need to know about HIV.

Requirements: Participants will need an email address and access to the internet and will be expected to spend 3 hours per week for 5 weeks to complete the course. The course is counted as 2 days (or 15 hours) of study. There will be no set time to be on-line. Participants can complete activities at a time that suits them.

Course Fees including GST: \$190
